Example:

The following is an example of commissions paid over time on Vantage Packs purchased under any of your personally enrolled distributors starting with your 4th and every one thereafter\*

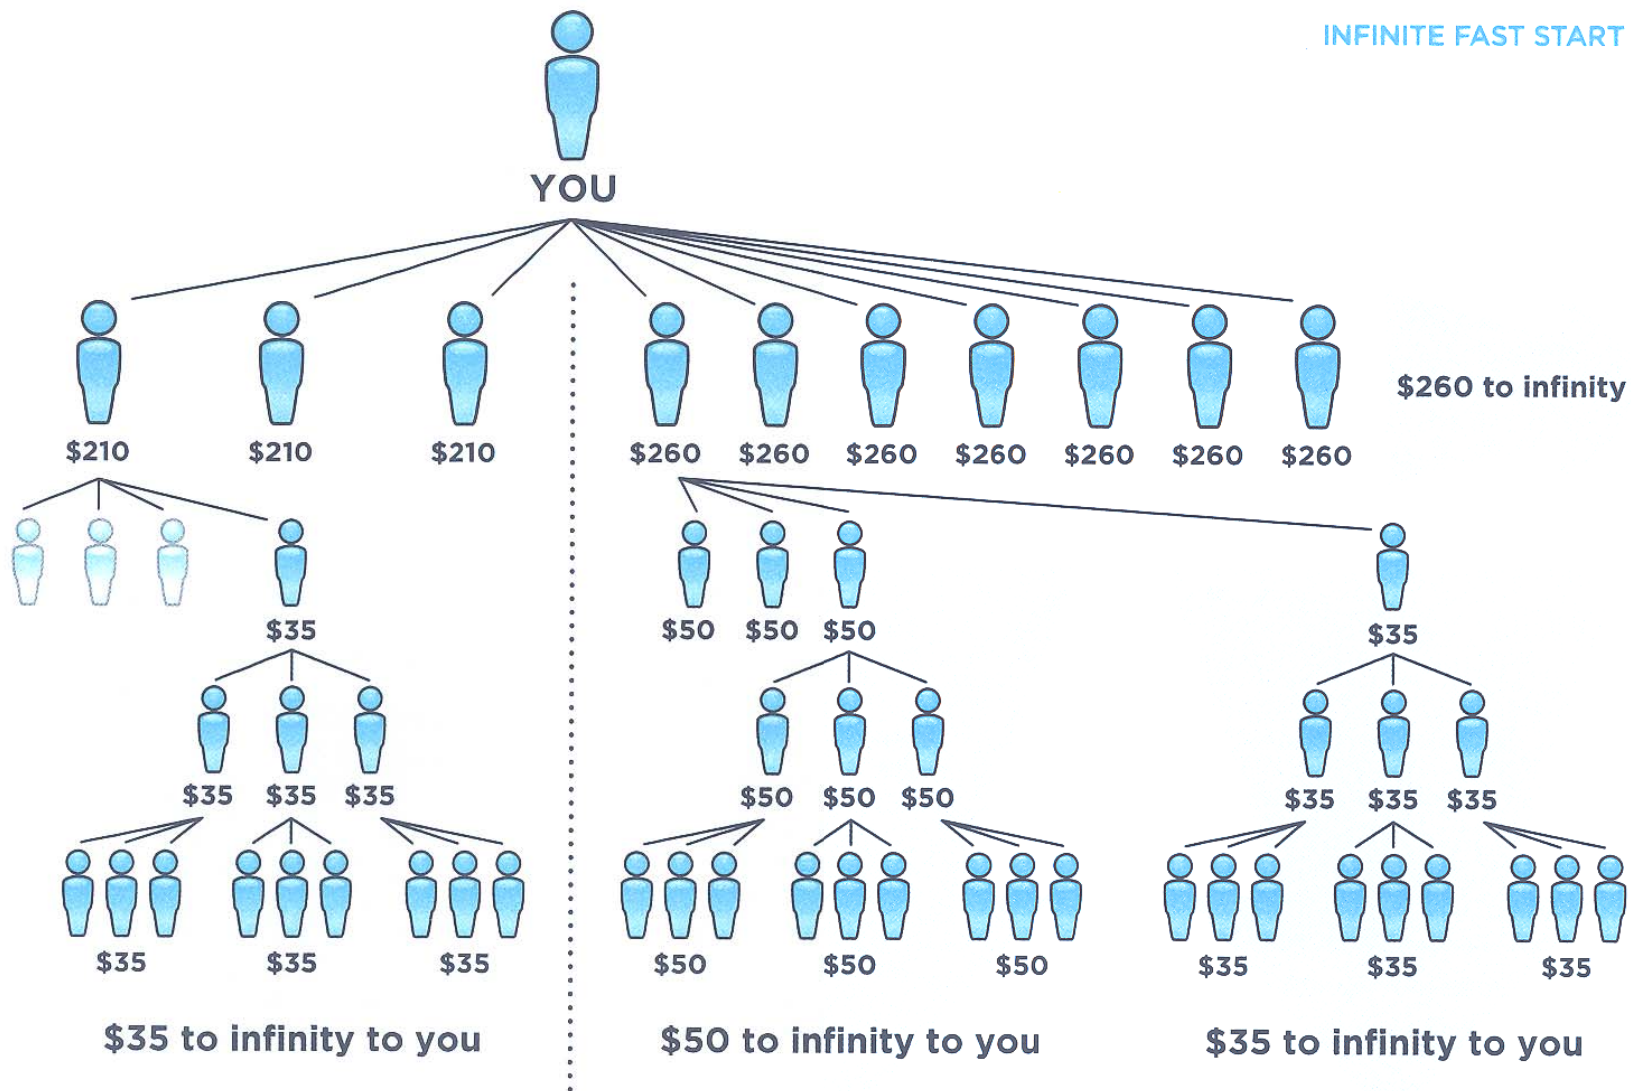

$3 \times \$50 = \$150$   
 $9 \times \$50 = \$450$   
 $27 \times \$50 = \$1350$   
 $81 \times \$50 = \$4050$   
 $243 \times \$50 = \$12,150$   
 $729 \times \$50 = \$36,450$   
 $2187 \times \$50 = \$109,350$

\*This example depicts an organization filling out over time fully and symmetrically because it is easier to understand. In reality, organizations never fill out exactly as depicted. You should not expect your organization to fill out exactly as depicted in the example. LifeVantage does not guarantee you will earn an income.
